

## Temperature Adjustable Hair Straightener

Burning is a professional Temperature Adjustable Hair Straightener manufacturer and exporter of personal care electrical appliance products such as Hair curler, Hair straightener, Hair clipper, Hair dryer, etc.

The company adheres to the quality policy of "star quality, seeking truth from facts", and the quality of products and services are much higher than that of the peers. The company reduces its production costs by setting up its own plant and adopting imported materials to achieve high standards. Our business philosophy: "self-developed products, quality first, quality service", with novel and unique product design and advanced process technology, to create modern and become a satisfying hair straightener and hair curler manufacturer supplier in the minds of customers.

**Model:KJ-505**

### Product Description

China Temperature Adjustable Hair Straightener Factory Directly Supply. Burning® is Temperature Adjustable Hair Straightener manufacturer and supplier in China. The Temperature Adjustable Hair Straightener is a hair straightener.

This Tourmaline-infused Ceramic flat iron boasts 400% more negative ion output than ceramic alone. That means reduced frizz and smooth, shiny looking tresses. Rounded edges and precision-floating plates create versatile styling that make creating pin-straight styles or soft waves quick, easy, and painless. Plates glide through the hair with zero snagging or damage. Best for all hair types.
