Product Description

Hot Sale China Temperature Adjustable Triple Barrel Hair Curler Free Sample Manufacturers and Suppliers. Burning® is Temperature Adjustable Triple Barrel Hair Curler manufacturer and supplier in China. Burning has more than 10 years of experience in this field, and we also have excellent designers who constantly launch new and innovative products for the market. Our products have been obtained international standards certificates are hot selling in USA, Europe, Korea and Japan.

This Burning KJ-666 is a triple-barrel hair curler. Our 3 barrel hair curling iron curling wands can make large natural sexy 'S' hair waver for any beauty. High technology, tourmaline and ionic technology for maximum hair condition of shinier and healthier long looking waves. The hair curler will not act like other hair curlers which always curl your hair with frizz. The new ceramic coating guarantees the frizz control while remaining safe without any damage.

Several features and advantages of KJ-88 hair curler below:

Instant heating technology: Heats up quickly and helps saving precious time

Less hair damage: Ceramic tourmaline coating provides heat evenly for less hair damage

LCD Display & Adjustable Temperature: Different hair types, chose different temperatures

Universal Voltage for Traveling: Compatible 110-240V convenience for traveling or dating
